For the year ended 31 December 2025

Independent Auditor's Report To the Shareholders of Midland Bank PLC.

Report on the Audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the consolidated financial statements of Midland Bank PLC. and its subsidiaries (the Group) as well as the separate financial statements of Midland Bank PLC. (the Bank), which comprise the consolidated and separate balance sheets as at 31 December 2025, and consolidated and separate profit and loss accounts, consolidated and separate statements of changes in equity and consolidated and separate cash flows for the year then ended, and notes to the consolidated and separate financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated and separate financial statements give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at 31 December 2025, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with Rules and Regulation issued by Bangladesh Bank and IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB) as explained in note # 2.00.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (IESBA Code), as applicable to audits of the financial statements of public interest entities, together with the ethical requirements that are relevant to audits of the financial statements of public interest entities in Bangladesh. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below our description of how our audit addressed the matter is provided in that context.

Key audit matter	How our audit addressed the key audit matter
Measurement of provision for loans and advances	
<p>The process for estimating provision for the loans and advances portfolio associated with credit risk is significant and complex, involving considerable management judgment.</p> <p>For individually assessed large exposures, the provision calculation considers estimates of future business performance and the current market value of collateral provided against credit transactions.</p> <p>With reference to Note # 13.01 of the financial statements, the Bank calculates provision for loans and advances/investments by considering various factors, including the applicable provisioning rate, expiry date, outstanding balance, interest suspense amount, first repayment due, last repayment due, installment and the value of eligible collateral.</p> <p>These are determined in accordance with regulatory guidance outlined as per BRPD circular no 15, dated 27 November 2024; BRPD circular no 05, dated 25 June 2025; BRPD circular no 22, dated 13 October 2025; BRPD circular no 29, dated 21 December 2025; BRPD circular no 16, 18 July, 2022; BRPD Circular No. 33, dated 03 August, 2022; BRPD circular no 07, dated 16 September, 2025; BRPD circular no 26, dated 24 November, 2025 and other client wise policy support letters issued by Bangladesh Bank.</p>	<p>We tested the design and operating effectiveness of key controls focusing on the following:</p> <ul style="list-style-type: none"> • Credit appraisal, loan disbursement procedures, monitoring and provisioning process; • Completeness of appropriate documentation before disbursement of loans as well as recording of loan balance; • Alternate procedures applied by management to assess new loan/renewal of existing loans where latest audited financial statements of the borrower are not available; • Identification of loss events, including early warning and default warning indicators; • Review of quarterly Classification of Loans (CL); <p>Our substantive procedures in relation to the provision for loans and advances portfolio comprised the following:</p> <ul style="list-style-type: none"> • Reviewed the classification of loans as per BRPD circular no 15, dated 27 November 2024 and its amendments;

At the year-end of 2025, the Group reported total gross loans and advances of BDT 71,068 million (2024: BDT 63,277 million), while the Bank reported BDT 71,068 million (2024: BDT 63,277 million). As of the same date, total provisions for loans and advances amounted to BDT 2,973 million for the Group (2024: BDT 2,509 million) and BDT 2,973 million for the Bank (2024: BDT 2,509 million).

- Reviewed the adequacy of the general and specific provisions in line with related Bangladesh Bank guidelines;
- Assessed the methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information;
- Reviewed rescheduled and restructured loans in accordance with BRPD circular no 16, 18 July, 2022; BRPD Circular No. 33, dated 03 August, 2022; BRPD circular no 07, dated 16 September, 2025; BRPD circular no 26, dated 24 November, 2025 and other client wise policy support letters issued by Bangladesh Bank.
- Reviewed the appropriateness of interest recognition in the Interest Income and Interest Suspense accounts in accordance with BRPD circular no 15, dated 27 November 2024 and its amendments;
- Evaluated the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

We verified that the Bank has fully adjusted the provision requirements as finalized in the Tri-Party meeting held with Bangladesh Bank.

The Bank has calculated required provision as per Bangladesh Bank letter BSD-5/103/2026/388 dated 23 April 2026 considering total classified loans and advances of Tk 218.97 crore (3.08%).

See note # 7.a and 13.01 to the financial statements

Key audit matter	How our audit addressed the key audit matter
Interest income recognition	
<p>Recognition and measurement of interest income involve complex IT environment as well as require critical estimates and judgment. Since interest income from loans and advances is one of the key performance indicators of the Bank there is an inherent risk of fraud and error in recognition of interest income.</p> <p>Accordingly, this has been considered as key audit matter.</p>	<p>We tested the design and operating effectiveness of key controls including automated control over recognition and measurement of interest on loans and advances.</p> <p>For selected customers and loan files on sample basis we have also performed substantive test of details including recalculation and cut-off testing to check accuracy of interest income.</p> <p>Finally, we also conducted substantive analytical procedures to assess reasonableness of interest recognized during the year with reference to the product wise outstanding loan balances.</p>
See note # 21.a to the financial statements	

Key audit matter	How our audit addressed the key audit matter
Valuation of treasury bills and treasury bonds	
<p>The classification and measurement of T-Bill and T-Bond require judgments and complex estimates.</p> <p>In the absence of a quoted price in an active market, the fair value of T-Bills and T-Bonds is determined using complex valuation techniques which may take into consideration direct or indirect unobservable market data and complex pricing models which require an elevated level of judgment.</p> <p>HTM securities which have not matured as at the balance sheet date are amortized at the year end and changes in amortization are recognized in other reserves as a part of equity. However, new circular has been issued DOS circular letter no. 27 dated 04 December 2023, where amortization on HTM securities can be taken into profit and loss account before maturity.</p>	<p>We assessed the processes and controls put in place by the Bank to identify and confirm the existence of treasury bills and bonds.</p> <p>We obtained an understanding, evaluated the design, and tested the operating effectiveness of the key controls over the treasury bills and bonds valuation processes, including controls over market data inputs into valuation models, model governance, and valuation adjustments.</p> <p>Furthermore, we have checked Bank's treatment of new circular related to MTM of HTM as per DOS Circular Letter No. 27 dated 4 December 2023.</p> <p>We tested a sample of the valuation models and the inputs used in those models, using a variety of techniques, including comparing inputs to available market data.</p>

Similarly, impairment assessment of financial instruments measured at amortized cost also required mainly unobservable market data and assumptions. Accordingly, this is considered as a key audit matter.	Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.
See note # 6.a to the financial statements	

Key audit matter	How our audit addressed the key audit matter
Impairment assessment of unquoted investments	
In the absence of a quoted price in an active market, the fair value of unquoted shares and bonds, especially any impairment, is calculated using valuation techniques which may take into consideration direct or indirect unobservable market data and hence require an elevated level of judgment.	<p>We have assessed the processes and controls put in place by the Bank to ensure all major investment decisions are undertaken through a proper due diligence process.</p> <p>We tested a sample of investment valuations as at 31 December 2025 and compared our results to the recorded value.</p> <p>Finally, we assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.</p> <p>As per the business model, management has considered quoted and unquoted shares together as part of its investment portfolio for calculation of required provision.</p>
See note # 6.02 and Annex B to the financial statements	

Key audit matter	How our audit addressed the key audit matter
Measurement of Deferred Tax	
<p>As at 31 December 2025 the Group and the Bank reported net deferred tax assets of BDT 931 million (December 2024: BDT 759 million) and BDT 931 million (December 2024: BDT 759 million) respectively.</p> <p>Our audit focused on the recoverability of the Deferred Tax Asset, specifically assessing the temporary differences arising from loan loss provisions and their future tax deductibility.</p>	<p>We obtained an understanding, evaluated the design, and tested the operational effectiveness of the Bank's key controls over the recognition and measurement of deferred tax assets and the assumptions used in estimating the Group and the Bank's future taxable income.</p> <p>We evaluated the tax treatment and admissibility of the temporary differences by reviewing prevailing tax regulations and the status of recent tax assessments.</p>

	Finally, we have assessed the appropriateness and presentation of disclosures against IAS 12: Income Tax.
See note # 9.06 to the financial statements	

Key audit matter	How our audit addressed the key audit matter
IT systems and controls	
<p>Our audit procedures have a focus on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volume of transactions processed in numerous locations daily and the reliance on automated and IT dependent manual controls.</p> <p>Our areas of audit focus included user access management, developer access to the production environment and changes to the IT environment. These are key to ensuring IT-dependent and application-based controls are operating effectively.</p>	<p>We tested the design and operating effectiveness of the Group and the Bank's IT access controls over the information systems that are critical to financial reporting.</p> <p>We tested IT general controls (logical access, change management, and aspects of IT operational controls). This included testing that requests for access to systems were appropriately reviewed and authorized.</p> <p>We tested the Group and the Bank's periodic review of access rights and reviewed requests for changes to systems for appropriate approval and authorization.</p> <p>We considered the control environment relating to various interfaces, configuration and other application layer controls identified as key to our audit.</p> <p>We performed the Tests of IT General Controls (ITGCs) to evaluate the Application Development and Database, Hosting Platforms and segregation of incompatible duties relevant to application and database change management.</p>

Key audit matter	How our audit addressed the key audit matter
Legal and regulatory matters	
<p>We focused on this area because the Bank operates in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from</p>	<p>We obtained an understanding, evaluated the design and tested the operational effectiveness of the Bank's key controls over the legal provision and contingencies process.</p>

<p>disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict.</p> <p>These uncertainties inherently affect the amount and timing of potential outflows with respect to the provisions which have been established and other contingent liabilities.</p> <p>The Bank has taken initiative to save cost from the budgeted cost as per BRPD circular no 28, dated 26 July 2022 and BRPD circular no 30, dated 27 July 2022.</p> <p>Overall, the legal provision represents the Bank's best estimate for existing legal matters that have a probable and estimable impact on the Bank's financial position.</p>	<p>We enquired to those charged with governance to obtain their view on the status of all significant litigation and regulatory matters.</p> <p>We enquired of the Bank's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports.</p> <p>We assessed the methodologies on which the provision amounts are based, recalculated the provisions, and tested the completeness and accuracy of the underlying information.</p> <p>We also assessed the Group and the Bank's provisions and contingent liabilities disclosure.</p> <p>We have obtained all the relevant documents and verified as per audit procedure.</p>

Other information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the consolidated and separate financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation of consolidated and separate financial statements that give a true and fair view in accordance with Rules and Regulation issued by Bangladesh Bank

and IFRS Accounting Standards as issued by the IASB as explained in note # 2 and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Group and the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

In accordance with the Companies Act 1994, the Bank Company Act 1991 and the rules and regulations issued by Bangladesh Bank, we also report that:

In case, any requirement of provisions and circulars issued by Bangladesh Bank differs with those of other regulatory bodies, the provisions and circulars issued by Bangladesh Bank shall prevail. In order to comply with the rules and regulations of Bangladesh Bank, MDB departed from those contradictory requirements of IFRS/IAS, which are disclosed below.

i. Presentation of financial statements

IFRS: As per IAS-1, a complete set of financial statements comprises statement of financial position (balance sheet), statement of profit and loss, statement of changes in equity, statement of cash flows, notes comprising a summary of significant accounting policies and other explanatory information and comparative information. IAS-1 has also stated the entity to disclose assets and liabilities under current and non-current classification separately in its statement of financial position.

Bangladesh Bank: The presentation of these financial statements in prescribed format (i.e. balance sheet, profit and loss account, cash flow statement, statement of changes in equity, liquidity statement) and certain disclosures therein are guided by the First Schedule (section-38) of the Bank Company Act, 1991 and BRPD circular no. 14 dated 25 June 2003 and subsequent guidelines of Bangladesh Bank. In the prescribed format there is no option to present assets and liabilities under current and non-current classification.

ii. Investment in shares, mutual fund and other securities

IFRS: As per requirements of IFRS-9, classification and measurement of investment in shares and securities will depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Based on these factors it would generally fall either under "at fair value through profit and loss account" or under "at fair value through other comprehensive income" where any change in the fair value (as measured in accordance with IFRS 13) at the year-end is taken to profit and loss account or other comprehensive income respectively.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003 investments in quoted shares and unquoted shares are revalued at the year end at market price and as per book value of last audited balance sheet, respectively. Provision should be made for any loss arising from diminution in value of investment.

iii. Revaluation gain/loss on government securities

IFRS: Government securities refer primarily various debt instruments which include both bonds and bills. As per requirements of IFRS-9 Financial Instruments, bonds can be categorised as "Amortised Cost (AC)" or "Fair Value through profit and loss account (FVTPL)" or "Fair Value through other comprehensive income (FVOCI)". Bonds designated as amortised cost are measured at amortised cost method and interest income is recognised through profit and loss account. Any changes in fair value of bonds designated as FVTPL is recognised in profit and loss account. Any changes in fair value of bonds designated as FVOCI is recognised in other reserve as a part of equity.

As per requirements of IFRS 9, bills can be categorised either as "Fair Value Through Profit or Loss (FVTPL)" or "Fair Value through Other Comprehensive Income (FVOCI)". Any change in fair value of bills is recognised in profit and loss or other reserve as a part of equity respectively.

Bangladesh Bank: As per DOS circular no. 05 dated 26 May 2008, DOS circular no. 05 dated 28 January 2009 and DOS circular letter no. 27 dated 04 December 2023, HFT securities are revalued on the basis of marking to market and at year end any gain on revaluation of securities which have not matured as at the balance sheet date are recognised in other reserves as a part of equity and any loss on revaluation of securities as at the balance sheet date are charged in the profit and loss account. Interest on HFT securities including amortisation of discount is recognised in the profit and loss account. HTM securities which have not matured as at the balance sheet date are amortised at the year end and changes in amortisation are recognised in the profit and loss account as income/ expense as per DOS circular letter no. 27 dated 04 December 2023.

iv. Repo and reverse repo transactions

IFRS: As per IFRS-9 when an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo), the arrangement is treated as a loan and the underlying asset continues to be recognised at amortised cost in the entity's financial statements. The difference between selling price and repurchase price will be treated as interest expense. The same rule applies to the opposite side of the transaction (reverse repo).

Bangladesh Bank: As per DOS Circular letter no. 06 dated 15 July 2010 and subsequent clarification in DOS circular no. 02 dated 23 January 2013, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a normal sale transaction and the financial asset is derecognised in the seller's book and recognised in the buyer's book. However, as per DMD circular letter no. 07 dated 29 July 2012, non primary dealer banks are eligible to participate in the Assured Liquidity Support (ALS) programme, whereby such banks may enter collateralised repo arrangements with Bangladesh Bank. Here the selling bank accounts for the arrangement as a loan, thereby continuing to recognise the asset.

v. Provision on Loans and Advances/Investments

IFRS/IAS: As per IFRS-9 an entity shall recognize an impairment allowance on loans and advance/investments based on expected credit losses. At each reporting date, an entity shall measure the impairment allowance for loans and advances/investments at an amount equal to the lifetime expected credit losses, if the credit risk on these loans and advances/investments has increased significantly since initial recognition whether assessed on an individual or collective basis considering all reasonable information, including that which is forward looking. For those loans and advances/investments for which the credit risk has not increased significantly since initial recognition, at each reporting date, an entity shall measure the impairment allowance at an amount equal to 12 month expected credit losses that may result from default events on such loans and advances/investments that are possible within 12 months after reporting date.

Bangladesh Bank: As per BRPD Circular No. 15 dated 27 November 2024, a general provision of 1% is required to be maintained on Standard loans (STD-0, STD-1, and STD-2) and 5% on Special Mention Account (SMA) loans, irrespective of any objective evidence of impairment. However, according to BRPD Circular Letter No. 29 dated 21 December 2025, for Short-Term Agricultural Credits and Cottage, Micro, and Small (CMS) loans, a general provision of 0.50% is required to be maintained on both Standard and SMA loans, regardless of any objective evidence of impairment. In addition, provisions for sub-standard, doubtful, and bad/loss loans are required to be maintained at 20%, 50%, and 100% of the base for provision, respectively, depending on the duration of overdue for loans and advances. Furthermore, the Bank is required to comply with the following circulars: BRPD Circular No. 05 dated 25 June 2025; BRPD Circular No. 22 dated 13 October 2025; BRPD Circular No. 29 dated 21 December 2025; BRPD Circular No. 16 dated 18 July 2022; BRPD Circular No. 33 dated 03 August 2022; BRPD Circular No. 07 dated 16 September 2025; BRPD Circular No. 26 dated 24 November 2025; and other client-wise policy support letters issued by Bangladesh Bank. Moreover, as per BRPD Circular No. 06 dated 25 April 2023, a general provision ranging from 0% to 5% is required to be maintained for all off-balance sheet exposures. These provisioning policies are not fully aligned with the requirements of IFRS 9: Financial Instruments.

vi. **Recognition of interest in suspense**

Bangladesh Bank: As per BRPD Circular No. 15 dated 27 November 2024, once a loan/investment is classified, interest on such loan/investment is not allowed to be recognized as income, rather the corresponding amount needs to be credited to an "Interest Suspense Account", which is presented as liability in the balance sheet.

vii. **Other comprehensive income**

IFRS/IAS: As per IAS-1 other comprehensive income (OCI) is a component of financial statements or the elements of OCI are to be included in a Single Comprehensive Income (SCI) statement.

As such, the Bank does not prepare other comprehensive income statement. However, elements of OCI, if any, are shown in the statements of changes in equity.

viii. **Financial instruments – presentation and disclosure**

Financial guarantee liabilities are recognised initially at their fair value plus transaction costs that are directly attributable to the issue of the financial liabilities. - Probable out flow of resources to settle the obligation and the obligation can be measured reliably;
- It is more likely than not that outflow of resources will be required to settle the present obligation exists at the end of the reporting period.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events. A contingent liability arises when some, but not all, of the criteria for recognizing a provision are met. IAS-37 applies prudence by deeming a past event to give rise to a present obligation and an entity shall not recognize a contingent liability. However, if it is possible rather than probable that an obligation exists, a contingent liability will exist, not a provision in the financial statements. An entity shall disclose for each class of transaction of contingent liability at the end of the reporting period if the contingent liability is not remote.

Contingent Assets

A contingent asset is possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are never recognised; rather they are disclosed in the financial statements when they arise.

Certain comparative amounts in the financial statements have been reclassified and rearranged to conform to the current year's presentation (if any).

2.2.1 Accounting policy for IFRS 16: Leases

At the inception of a contract, the bank assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement or on modification of a contract that contains a lease component, the bank allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices.

The bank recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the bank by the end of the lease term or the cost of the right-of-use asset reflects that the bank will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the bank's incremental borrowing rate. Generally, the bank uses its incremental borrowing rate as the discount rate.

The bank determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- i) fixed payments, including in-substance fixed payments;
- ii) variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- iii) amounts expected to be payable under a residual value guarantee; and
- iv) the exercise price under a purchase option that the bank is reasonably certain to exercise, lease payments in an optional renewal period if the bank is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the bank is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the bank changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The bank has elected not to recognise right-of-use assets and lease liabilities for leases of short-term.

Balances held in foreign currencies other than US Dollar are converted into equivalent US Dollar at buying rates of New York closing of the previous day and converted into BDT equivalent.

- c) Commission and discounts on bills purchased and discounted are recognized at the time of realization.

At each balance sheet date and periodically throughout the year, the Bank reviews loans and advances to assess whether objective evidence that impairment of a loan or portfolio of loans has arisen supporting a change in the classification of loans and advances, which may result in a change in the provision required in accordance with BRPD circular no. 53 (30 December 2021), BRPD circular no. 52 (29 December 2021), BRPD circular no. 51 (29 December 2021), BRPD Letter # BRPD (CRS-2)/901/(2)/2022-271, Dated 27 January 2021, BRPD circular no. 50 (14 December 2021), BRPD circular no. 45 (04 October 2021), BRPD circular no. 19 (26 August 2021), BRPD circular no.

	STD	SMA	SS	DF	BL
Consumer:					
I) Agricultural Credit (Other than Short Term)	1%	5%	20%	50%	100%
II) CMSME Financing	0.50%-1%	0.50%-5%	20%	50%	100%

BRPD Circular no.14 dated 23 September 2012 as amended by BRPD Circular no.19 dated 27 December 2012 also provides scope for further provisioning based on qualitative judgments. In these circumstances, impairment losses are calculated on individual loans/investments considered individually significant based on which specific provisions are raised. If the specific provisions assessed under the qualitative methodology are higher than the specific provisions assessed under the prescribed approach above, the higher of the two is recognised in liabilities under "Provision for loans and advances/investments" with any movement in the provision charged/released in the profit and loss account. Classified loans/investments are categorized into sub-standard, doubtful and bad/loss based on the criteria stipulated by Bangladesh Bank guideline.

- e) Loans and advances/investments are written off to the extent that- (i) there is no realistic prospect of recovery, and (ii) against which legal cases are filed, where required and classified as Bad/Loss as per as per BRPD circular no.02 dated 13 January 2003, BRPD circular no.13 dated 07 November 2013 and BRPD circular no.01 dated 06 February 2019 of Bangladesh Bank.
